My Coronavirus Story
Sometimes people get sick.
When someone gets sick, it is because of germs. Germs are tiny things that live all around us.
There is a new sickness called the Coronavirus.
The Coronavirus germs spread VERY easily.
If a bad germ sticks on me, I can get sick.
I need to wash my hands A LOT so that I can stay healthy.
When I wash my hands, I can sing "Happy Birthday," or count to 20!
This will make sure my hands are clean and I stay healthy.
Sometimes, so many people get sick that my camp might need to close.
While camp is closed, they will clean it to get rid of all the germs!
While they are cleaning my school, I will stay at home.
I will stay safe and healthy at home.
I will do fun things at home!
I will go back to camp soon.
My parents and counselors want me to stay happy, healthy, and safe.
THE END
