2022 CAMP CATALOG
Experiences & Adventures
For All Abilities
DEAR FRIENDS,

Thank you for choosing True Friends! Another exciting year of Camp is upon us. To help you plan for your summer experience we have included detailed information for you in the Camp catalog. Please read the information provided carefully as several policies and forms may have changed.

As we continue to operate in the space of an ever-changing and ongoing pandemic, we would like to provide a few updates regarding our programs in 2022.

• We are moving forward with a 2022 plan to operate Camps Courage and Friendship summer programs in a similar fashion to summer of 2021.
• Day Camp and Summer Camp will not be offered at Camp Eden Wood or Camp Courage North in 2022. This was an extremely difficult decision to make and was made due to the anticipated staffing shortage again in 2022.
• For Camps Eden Wood and Courage North, we will pursue rental and camping together group opportunities for summer 2022.
• True Friends offers financial assistance to help those with limited financial resources attend a camp session.

At the center of everything we do lies our mission. We are so grateful to have the opportunity to provide all our friends with life-changing experiences that enhance independence and self-esteem for children and adults with disabilities. We can’t thank you enough for your continued commitment and support.

If you have questions about your application, please contact the Customer Relations team at 952.852.0101 or registration@truefriends.org.

We look forward to seeing you around the campfire!

Best,

Eric Sage

HEALTH CARE INFORMATION AT TRUE FRIENDS

True Friends serves a variety of individuals with a variety of diagnosis, disabilities, or conditions. By providing detailed and up-to-date information about each individual through our application process, including documents and questionnaires, we are able to provide a safe and successful experience for the individual, staff, and caregivers. Staff regularly reference the information shared with us to make decisions about the care needed, supervision support, and to enhance the experience of each individual.

True Friends is taking another step forward to enhance our programs and services by requiring all participants to provide necessary documents at the time of registration. Applications will not be reviewed or confirmed without all the necessary documentation.

- **MEDICATION LIST FROM A HEALTH CARE PROFESSIONAL.** The list must be from a doctor, nurse, or pharmacist. True Friends cannot legally administer medications without instructions from a health care professional.

- **TRUE FRIENDS’ MEDICATION ADMINISTRATION RECORD.**
  The form can be found on the website at www.truefriends.org/forms.

SUPPORTING CAMPERS FOR A SUCCESSFUL EXPERIENCE
True Friends partners with families and caregivers to make each individual’s experience successful. In order for us to do this we need caregivers and families to provide extensive information about each individual. True Friends acknowledges not all individuals are appropriate for the “camp-type” setting in which the program is provided.

True Friends is a licensed home and community based basic support service; we are not an intensive or crisis service organization. Therefore, True Friends reserves the right to deny services to individuals who we believe pose a safety threat to themselves, other individuals, and/or employees.

MOTIVATED, CARING, AND HIGHLY TRAINED STAFF
Our amazing staff are the reason individuals love True Friends Camps.

We hand pick our team from hundreds of applicants from across the country and the world. Our outstanding staff members are college students, young professionals, and teachers who share a passion for working with people of all walks and rolls of life.

No matter their previous experience, True Friends staff attend between 1-3 weeks of in-person training and 12 hours of online courses to prepare them to care for the needs of each individual. Staff are trained by our Registered Nurses and camping professionals; from verbal cues to total assistance, our staff are here to help parents and caregivers sleep easy and give individuals a positive camp experience like no other.
Every day is a new adventure at True Friends Camps. Each of our locations deliver quality care, trained staff, and amazing opportunities for fun, growth, and friendships. Our camp managers and their teams are dedicated to providing positive, life-changing experiences. Whether you have been attending a True Friends Camp for years or if you are just entertaining the idea, we know the choice to send your loved one to camp is done with great care. In order to paint a more complete picture of camp, below are some of our intentional program elements.

A BIRD’S EYE VIEW OF CAMP

CAMP LIFE AND CABIN PLACEMENTS

Our camp managers, with the help of their seasonal leadership team, read each application in order to create an environment for success. Cabins are assigned with session, gender, age, sensory needs, and routine in mind. Staff live in the cabins with individuals to provide the highest level of care. Campers will work with a team of staff members to ensure each individual’s unique needs are fulfilled. Staff will get up during the night to attend to homesickness, illness, bathroom reminders, and personal care assistance, but True Friends Camps do not provide 24-hour awake staff.

HEALTH CARE

The care of our participants is our number one priority. Each of our camps have a team of Camp Nursing Assistants. These high-level medical and nursing students pass medications, are onsite 24 hours a day, have advanced training in first aid, and give out popsicles on hot days.

SPECIAL DIETS

We know camp is a change of scenery, but that does not mean it has to be a complete lifestyle change. Our fantastic kitchen team will meet individual dietary needs. For overnight programs, meals are served at 8:00 or 8:30 a.m. (depending on location/program), 12:30 p.m., and 5:30 p.m. The majority of special diet requirements can be met onsite.
True Strides

TRUE FRIENDS CAMPS – HORSE PROGRAM

During the camp season, we provide individuals the opportunity to engage with a horse through horsemanship experiences. Depending on the camper, the horsemanship experience may include riding a horse with staff assistance, or it may mean interacting with a horse in other ways including grooming, feeding, or petting.

SAFETY REQUIREMENTS

There is very limited availability for all horsemanship experiences sessions. We offer horse experiences and activities both mounted and unmounted. To ensure the safety of the camper, staff, and horse, there are strict criteria that must be followed to ensure a successful experience.

In order to participate in the riding portion of the camps an individual must fall within one of the following criteria:

- **Campers under 200 pounds.** The camper must weigh under 200 pounds and have the ability to sit independently with good head and trunk control without supports; sitting balanced on a moving surface. The individual must be able to independently swing leg up and over a horse from the mounting ramp safely while following verbal directions from staff.

- **Campers under 150 pounds.** The individual must weigh under 150 pounds and have the ability to sit independently with good head and trunk control. The individual must be able to bear weight and complete a pivot transfer from wheelchair (if used) onto a horse with minimal assistance.

- **Campers under 90 pounds.** The individual must weigh under 90 pounds to ride tandem with a trained back rider. The individual must have independent head control while upright in sitting position with support of back rider.

If a camper does not meet the above criteria, there are many other options available to experience a horse including brushing, feeding, petting, and simply observing the horses.

ATTIRE FOR CAMPERS

Campers will need to prepare for their time with horsemanship experiences and must dress appropriately, including wearing closed toed shoes and long pants. Staff recommend wearing sunscreen and sunglasses as well.

Please note in the camper’s application and at check-in if the individual is sensitive to heat, as riding a horse outdoors can be warm in the summer.

For more information call 952.852.0101. For a list of summer camp programs available please refer to the Camp Courage or Camp Friendship program grids on pages 8 and 12.
Camp Friendship is located on 115 acres of scenic woodlands on Clearwater Lake just 60 miles northwest of the Twin Cities near Annandale, Minnesota.

This camp offers modern cabins and facilities, dining hall, arts and crafts building, recreation hall, gymnasium, indoor pool, indoor and outdoor climbing walls, ropes course, and more. Please see grid for registration information.

CLASSIC CAMP

Enjoy outdoor and lakefront activities, hikes, campfires, and cabin living. Meet new people and make friends with other participants and counselors while experiencing the best nature has to offer. Trained staff members provide personal cares and assistance as needed.

On certain weeks throughout the summer, campers in these programs can participate in the horse program. Learn more on page 9.
CLASSIC CAMP WITH FISHING
Experience traditional camp with additional focus on fishing activities. Individuals will cast troubles away and reel in a great experience at the fishing session. Land a catch from a pontoon or dock, then learn how to clean and cook fish. Individuals also learn fishing strategies, species identification, boat safety, knot-tying, and more. Bait, tackle, and fishing poles are provided, though individuals may bring their own. Fishing is a part of the day with opportunities for other classic camp activities.

YOUTH RETREAT
This camp experience is perfect for youth who are looking to have a more independent camp experience. Participants may customize their vacation by choosing activities that challenge and interest them. Explore aquatic activities, ropes course and zip-line, and other traditional camp activities with some freedom to move from area to area.

On certain weeks throughout the summer, campers in these programs can participate in the horse program. Learn more on page 9.

CAMP C.A.M.P.
Camp C.A.M.P (Connecting Among Multiple People) is a structured program for individuals with higher functioning autism spectrum disorder and focuses on social skill learning and development. Participants practice asking to join activities, trying something new, sharing, and taking turns while participating in traditional camp activities. Participants build confidence in activities and social interactions among other campers facing similar challenges.

CLASSIC CAMP WITH MOVIN’ AND GROOVIN’
Experience traditional camp with additional focus on dancing. Individuals will learn new dances and brush up on their moves. Trained staff members will include some classic favorites as well as new dances. This session is for music lovers looking to practice creativity, balance, and an active lifestyle through dance and movement. Dance instruction is a part of the day, with opportunities for other classic camp activities.

True Friends works with a variety of nonprofit organizations to provide camping services and help them fulfill their mission. We are proud of our partnership with these organizations and being able to host them as Partner Camps.

In previous camp catalogs you would have seen these Partner Camp programs listed along side the camp sessions. For the 2022 Camp Catalog, you will not see these programs listed as we continue to work out the details and ensure our programs are designed in the best way to serve you!

Dates and locations of Partner Camp programs will become available once True Friends and the individual partner confirm the necessary information. As we confirm program dates and locations, we will update our website.

Application, communication, and registration materials will continue to be managed by the partnering organization. You can learn more about our partner organizations by visiting their website listed below.
